In April we featured Mr. James Everett, Founder and President of the Ethiopia Health Support Foundation (www.ethiopiahealthsupportfoundation.org). Mr. Everett explained about his fundraising efforts (something we should all know more about), and about the 200 bed hospital in Ethiopia his organization is building. His talk really was quite interesting.

In May we will feature Rev. Russell Davis, Founder and Senior Pastor of Christ's Church of the Jesus Hour in Kansas City, Kansas. Rev. Davis was born in Oregon, has served in the military, has lived in the Philippines, has spent time in Japan and preached there. Rev. Davis is married with five children. Rev. Davis has preached across the country. He used to have a television ministry which was broadcast in Africa. Rev Davis. is a long time friend of ours.

Let us learn from each other. If you can't attend please send a representative. We are looking forward to seeing you in May.

Sincerely, in the love of Christ,
